Thoracic Imaging Update
February 3-5, 2019
CME Credits: 12.5
SAM Credits: 12.5

Abdominal and Pelvic Imaging: CT/MR/US
February 6-8, 2019
CME Credits: 15
SAM Credits: 15

Omni Rancho Las Palmas Resort & Spa
Palm Springs, California

https://radiology.ucsf.edu/cme
Course Outline
This course offers a comprehensive review of cardiothoracic imaging covering the pulmonary, vascular and cardiac systems. The content is designed to serve as a review and update for all radiologists who interpret cardiothoracic imaging studies. The diverse uses of CT will be the major focus, and will include PET, MRI and radiography correlations.

The course will feature concise, shorter lectures to allow for a greater cross-section of cardiothoracic topics and up-to-date information. Recent updates of established clinical guidelines will be emphasized, including lung cancer screening, management of pulmonary nodules, and a review of high-resolution CT of the lung in the context of updated diagnostic criteria for interstitial pneumonias.

Other lectures will provide general reviews of cardiothoracic topics with a focus on synthesis of cardiac and pulmonary findings in patients presenting with acute symptoms (i.e. pulmonary embolism, acute aortic syndromes, cardiac disease) and post-operative patients. A practical approach will be stressed in all lectures, so as to be useful to radiologists from all types of clinical practice.

Course Objectives
At the completion of this course, the attendee should be able to:

1. Interpret high-resolution CT scans of the lungs and provide focused differential diagnoses;
2. Describe a practical approach to the imaging of lung infections;
3. Recognize typical manifestations of acute and chronic aortic diseases;
4. Describe the role of cross-sectional imaging in the evaluation of pulmonary embolism;
5. Differentiate benign vs. malignant lung nodules/masses on CT and PET;
6. Implement the use of CT and PET in the evaluation and staging of lung cancer.

Self-Assessment (SAM) Credits
This course will offer 12.5 Self-Assessment credits in Thoracic Imaging (pending approval and subject to change).

As of January 1, 2013, updated MOC Part 2 requirements: 75 CME credits every three years, at least 25 of which must be self-assessment activities (SA-CME, which includes SAMs). For more information: www.theabr.org/moc-dr-comp2

Accreditation
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

UCSF designates this live activity for a maximum of 12.5 AMA PRA Category 1 Credits.™

The total credits are inclusive of in 11.5 CT and 1.0 in PET.

Physicians should claim only the credit commensurate with the extent of their participation in each activity.

This educational activity meets the requirement under California State Assembly Bill 1195, continuing education and cultural and linguistic competency.

UCSF Faculty
Travis S. Henry, MD
Course Chair
Associate Professor of Radiology
Director, Cardiothoracic Imaging Fellowship

Brett M. Elicker, MD
Professor of Radiology
Chief, Cardiac and Pulmonary Imaging

Michael D. Hope, MD

SF Veterans Affairs Medical Center

Kimberly G. Kallianos, MD
Assistant Professor of Radiology

David M. Naeger, MD
Associate Professor of Radiology
Associate Chair for Education

Registration
https://meded.ucsf.edu/cme

Pre-registration is encouraged to ensure your space in this course.
Pre-register by December 7, 2018 and save $50 on your enrollment fee.

Tuition
$775 for all medical professionals; registration discounts are available for qualifying attendees, please review the registration form on the last page.

Register for both the Thoracic and Abdominal-Pelvic courses and save up to an additional $100 (see registration page for details).

On-site Registration
Sunday, February 3, 2019 at 7:15 am
Omni Rancho las Palmas Resort

Syllabus
You must provide an email address with your registration to receive advance syllabus information, which will be distributed electronically prior to the course. A paper notebook for taking notes will be provided onsite.
Thoracic Imaging Update
February 3-5, 2019
Omni Rancho las Palmas Resort - Palm Springs, CA

Preliminary Program (subject to minor changes).

SUNDAY, February 3, 2019
7:15 am  Registration and Continental Breakfast
7:45  Acute Aortic Syndromes ................................................................. Michael D. Hope, MD
8:30  Look at the Heart: Cardiac Findings on Non-Gated CT ...................... Kimberly G. Kallianos, MD
9:00  Imaging of Pulmonary Embolism ..................................................... Michael D. Hope, MD
9:45  Recess
10:00  Non-Thrombotic Pulmonary Emboli ................................................ Travis S. Henry, MD
10:30  Post-op Chest ........................................................................ Kimberly G. Kallianos, MD
11:15  The PA Radiograph is Tough ........................................................... Michael D. Hope, MD
11:45  The Lateral Radiograph is Even Tougher! ....................................... Travis S. Henry, MD
12:15 pm  Adjourn

MONDAY, February 4, 2019
7:15 am  Continental Breakfast
7:45  Pulmonary Nodules: the Complete Assessment by CT and PET/CT .......... David M. Naeger, MD
8:15  Lung Cancer Screening: How to Follow the Recipe .......................... David M. Naeger, MD
8:45  Mediastinal Masses .................................................................. Kimberly G. Kallianos, MD
9:30  Recess
9:45  Typical and Atypical Appearances of Lung Cancer ................................ David M. Naeger, MD
10:30  Imaging of the Pleura .................................................................. Travis S. Henry, MD
11:15  Thoracic Incidentalomas ................................................................. Kimberly G. Kallianos, MD
11:45  Incidentalts and Artifacts on PET/CT: How Not to Get Fooled! .............. David M. Naeger, MD
12:15 pm  Adjourn

TUESDAY, February 5, 2019
7:15 am  Continental Breakfast
7:45  HRCT Basics: Ground-Glass and Consolidations ............................... David M. Naeger, MD
8:05  Multidisciplinary Approach to ILD .................................................. Brett M. Elicker, MD
8:35  Update on UIP ........................................................................... Brett M. Elicker, MD
9:05  Cystic Lung Disease and Emphysema .............................................. Brett M. Elicker, MD
9:35  Recess
9:50  Nodules and Small Airways Disease .............................................. Travis S. Henry, MD
10:20  Mosaic Attenuation ................................................................... Brett M. Elicker, MD
11:00  Imaging of Bronchiectasis ............................................................. Travis S. Henry, MD
11:40  Putting It All Together: How to Sound Like a Pro in Your Report ........ Brett M. Elicker, MD
12:00 pm  Adjourn

All lectures will include SAM (Self-Assessment) Questions.
Course Outline
The goal of this course is to enhance the interpretation of body imaging studies and to improve clinical practice. This will be achieved by providing an updated review of state-of-the-art imaging methods and evidence-based practice in CT, MRI and Ultrasound as they pertain to the gastrointestinal and genitourinary systems. The ACR guidelines on managing incidental findings in the kidney, adrenal, liver, and pancreas on CT scans will be discussed (as appropriate).

Course Objectives
Upon completion of this course, the attendee should be able to:
1. Discuss management of incidental findings;
2. Identify indications for the use of different imaging modalities (CT/MRI/US) for various abdomino-pelvic organs and conditions;
3. Apply practical approaches to diagnosing both benign and malignant diseases of the abdomen and pelvis;
4. Anticipate potential pitfalls in abdomino-pelvic imaging and interpretation;

Self-Assessment (SAM) Credits
This course will offer 15 Self-Assessment credits (pending approval and subject to change).
As of January 1, 2013, updated MOC Part 2 requirements: 75 CME credits every three years, at least 25 of which must be self-assessment activities (SA-CME, which includes SAMs).

Course Program

WEDNESDAY, February 6, 2019
7:00 am  Registration and Continental Breakfast
7:30  Renal Tumor Imaging .......................................................... Ronald J. Zagoria, MD
8:00  Adrenal Imaging ................................................................. Priyanka Jha, MBBS
8:30  Imaging of Inflammatory Bowel Disease .................. Hailey H. Choi, MD
9:00  Kidney Tumor Ablation: the New Normal .................. Ronald J. Zagoria, MD
9:30  Recess
9:45  Readers of the Lost Art:  the KUB in 2019 ...................... David J. DiSantis, MD
10:45  Pitfalls of Abdominal Ultrasound ...................... Priyanka Jha, MBBS
11:15  Pancreatitis:  Imaging and Reporting ..................... Hailey H. Choi, MD
11:45  Thyroid:  TI-RADS and What Not to Biopsy .............. Tara A. Morgan, MD
12:15 pm  Urinary Tract Infection ............................................ Ronald J. Zagoria, MD
12:45  Adjourn

THURSDAY, February 7, 2019
7:00 am  Continental Breakfast
7:30  DVT:  What is Positive? ................................................. Tara A. Morgan, MD
8:00  Imaging and Reporting of HCC Using LI-RADS and OPTN ...................... Hailey H. Choi, MD
8:30  Contrast-enhanced Ultrasound:  Applications and Pitfalls ........ Tara A. Morgan, MD
9:00  Liver Imaging:  Beyond Cirrhosis and HCC .................. Hailey H. Choi, MD
9:30  Acute Abdomen:  Pearls and Pitfalls .......................... Priyanka Jha, MBBS
10:00  Recess
10:15  Fluoroscopy 2019:  You Need to Own the Esophagus .......... David J. DiSantis, MD
10:45  MRI of Endometrial and Cervical Cancer:  Why, When and How .... Liina Poder, MD
11:15  Radiographic Contrast Materials ................................. Ronald J. Zagoria, MD
11:45  Imaging Update on CT Colonography ..................... Priyanka Jha, MBBS
12:15 pm  First Trimester Ultrasound:  Updated Guidelines .... Liina Poder, MD
12:45  Adjourn

FRIDAY, February 8, 2019
7:00 am  Continental Breakfast
7:30  CT of Female Pelvis: More Than Meets the Eye .............. Liina Poder, MD
8:00  CT Urography ................................................................. Ronald J. Zagoria, MD
8:30  Non-obstetric CT/MRI in Pregnancy ......................... Priyanka Jha, MBBS
9:00  US of Acute Musculoskeletal Pathology ....................... Tara A. Morgan, MD
9:30  Assessment of Liver Fibrosis ...................................... Hailey H. Choi, MD
10:00  Recess
10:15  Fluoroscopy 2019:  Post-Op Pearls .............................. David J. DiSantis, MD
10:45  MRI of Deep Endometriosis ........................................ Liina Poder, MD
11:15  Fluoroscopy 2019:  Contrast Enemas - Don’t Bury ’Em Yet ...... David J. DiSantis, MD
11:45  US Assessment of Palpable Abnormalities ................... Tara A. Morgan, MD
12:15 pm  Acute Pelvic Pain in the Reproductive-Age Female .... Liina Poder, MD
12:45  Adjourn

All lectures will include SAM (Self-Assessment) Questions.
Hotel Reservations

tel: 866-423-1195 / 760-568-2727
Run of House: $220 / Reservation deadline: Thursday, January 3, 2019
Book online: http://tinyurl.com/http-tinyurl-com-UCSFRLP0219

The daily resort fee has been reduced to $15 per day (regularly $32) for UCSF attendees who book directly with the hotel via phone or reservation weblink only.

When making your accommodation decisions, please take into consideration that staying at the host hotel helps UCSF meet its contractual obligations and keeps registration fees reasonable.

The Omni RLP has reserved a limited block of rooms at special room rates for this conference. Book online using the weblink above, or call the Reservations Department directly at the number above and mention that you are attending the UCSF Radiology course to receive the discounted rates.

Conference rates for reservation requests made after the deadline cannot be guaranteed and will be extended on a space-available basis only. A credit card number is required to guarantee your reservation. The room rate includes in-room high-speed internet access, fitness center access, local and toll-free calls, and in-room coffee.

A third adult per room is $15 per night, fourth adult $25; no additional charge for children under 18. Check-in is 4:00 pm, check-out is 11:00 am. Rates exclude 13.45% state & local taxes (subject to change). No-shows, cancellations made less than 3 days from scheduled arrival, and early departures not notified at check-in will be charged a one-night's stay. Valet and self-parking are both complimentary. In addition to the nightly room-rate, registrants are liable for any hotel taxes, fees, porterage, gratuities and applicable guestroom charges upon check-out.

Omni Rancho Las Palmas Resort & Spa

www.omnihotels.com/hotels/palm-springs-rancho-las-palmas
41-000 Bob Hope Drive – Rancho Mirage, CA 92270

The Omni Rancho Las Palmas is the embodiment of new desert cool. Guests will enjoy new experiences such as Splashtopia, a family-fun pool and water playground; and bluEmber, the signature restaurant in the heart of the plaza, which exudes the sun-drenched charm and relaxed elegance of the Southern California desert.

Adjacent to the Resort is a 27-hole Ted Robinson-designed golf course, with three distinct 9-hole layouts. Rounding out the dramatic changes are a new lobby, enhanced guest rooms, the refurbished 20,000-square-foot European-style Spa Las Palmas, an Internet marketplace, and the sporty R Bar & Lounge.

Within walking distance of the Resort is The River, a family-friendly shopping, restaurant and theater complex. El Paseo Drive and the Westfield Shopping Center are only two miles away.
The Greater Palm Springs Area
Palm Springs is located about 130 miles or a two-hour drive east of Los Angeles. The area includes the neighboring towns of Cathedral City, Rancho Mirage, Palm Desert and Indian Wells, as you travel southeast along Route 10 or Highway 111. The area has an average 350 days of sunshine a year, and winter temperatures are usually in the 70’s.

The mix of southwestern culture and California history combine to make the Palm Springs area an eclectic mix of food, culture, outdoor activities, and an ideal opportunity for the art aficionado or furniture collector to enjoy the search for that unique find.

Palm Springs Highlights
www.visitgreaterpalmsprings.com

Villagefest – on Thursday evenings in downtown Palm Springs: enjoy an array of artists, artisans, entertainers, snacks and a farmers market.
The Gardens on El Paseo – stroll and shop on one of the most bountiful upscale shopping venues.
Living Desert Zoo & Botanical Garden – 1,200 acres of scenic trails and exhibits including gardens, live animal shows, a play park, a model train exhibit and tram rides.
Children’s Discovery Museum – with over fifty hands-on exhibits for kids of all ages.
Moorten Botanical Gardens – examine over 3,000 examples of southwestern cacti and plants.
Air Museum – experience one of the world’s largest collections of WW2 fighter planes.
Aerial Tramway – ascend 8,000 feet in the world’s largest rotating tramcars, with a spectacular, never-ending panoramic view of Palm Springs below.
Joshua Tree National Park – located on the northeast edge of the Palm Springs area, the nearly 800,000 acre park encompasses the most interesting geologic displays found in California’s deserts.

Air Travel
UCSF Radiology has negotiated fare discounts of up to 5% off coach fares and up to 10% off first class fares with Delta and United Airlines for course attendees. To ensure the lowest fares, please book with the airline directly using the codes below:
