Imaging Warm-Up

December 5-10, 2021

Four Seasons Resort, Nevis, Caribbean

UCSF Department of Radiology
and Biomedical Imaging
<https://radiology.ucsf.edu/cme>

Course Outline

This week-long course is designed for radiologists in clinical practice, and is intended to provide an overview of common clinical concerns in diagnosis. Lectures will focus on practical tips, pointers and recognition of potential pitfalls that will aid the radiologist in the safe interpretation of images in the daily setting.

Subspecialties covered will include cutting-edge topics in abdominal, thoracic, neuro, musculoskeletal, breast and pediatric imaging; as well as the appropriate utilization of CT, MR and US in the corresponding organ systems.

At the completion of this course, the attendee should be able to:

1. Select imaging approaches for oncology patients, as well as patients with a wide variety of liver, lung and musculoskeletal symptoms;
2. Identify indications to screen for cancer, including lung and breast cancer;
3. Recognize common imaging pitfalls, including imaging after loco-regional therapies, patients with suspected pulmonary embolism, and patients being screened for breast cancer;
4. Apply knowledge of the strengths and weakness of imaging with PET/CT;
5. Differentiate between common and uncommon imaging manifestations of chronic diseases involving the chest, abdomen and neurologic systems;
6. Implement protocols to achieve low radiation doses and optimized scanning parameters.

Self-Assessment

This course will offer 25 Self-Assessment credits (pending approval and subject to change): 8.5 in Abdominal, 4.5 in Musculoskeletal, 4.5 in Neuro, 5.0 in Thoracic, 1.5 in Breast, 1.0 in Pediatrics.

As of January 1, 2013, updated MOC Part 2 requirements: 75 CME credits every three years, at least 25 of which must be self-assessment activities (SA-CME, which includes SAMs).

Accreditation

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

UCSF designates this live activity for a maximum of **25 AMA PRA Category 1 Credits**.™

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The total credits are inclusive of 8.5 in CT, 13.0 in MRI, 2.5 in Ultrasound and 1.5 in Breast Imaging.

This educational activity meets the requirement under California State Assembly Bill 1195, continuing education and cultural and linguistic competency.

Air Travel

www.nevisisland.com/getting-here

Effective May 29, 2021, only fully-vaccinated travelers will be allowed entry into St. Kitts and Nevis. Non-vaccinated children under the age of 18 travelling with fully-vaccinated parents are welcome. For complete travel vaccination info <https://radiology.ucsf.edu/cme/ucsf-imaging-update-2021-nevis>

Flying into St. Kitts (SKB) requires a ferry or water taxi over to Nevis (see "getting-here" link above). Additional seasonal routes to St Kitts and Nevis are added at the discretion of the airlines.

United Airlines files to San Juan PR, connecting flights to Nevis (NEV) can be made via Cape Air.

Commuter Planes to Nevis (NEV)

American, United, Delta and Jet Blue are partnered with regional Seabourne Airline, which offers connecting shuttle flights to Nevis from neighboring Caribbean islands such as San Juan, Puerto Rico (SJU) and St. Maarten (SXM).

Travel Information and Tips

www.nevisisland.com/getting-here/travel-essentials

Passports US and Canadian citizens are required to present a valid photo passport and a return airline ticket.

Departure Tax for St Kitts (SKB) airport is included in the airline ticket fees; upon leaving Nevis (NEV) airport is US\$20.50, which includes an environmental levy and airport security tax.

Time Zone Nevis is on Eastern Standard Time year-round (does not change for daylight saving time).

Tipping A service charge of 18% is generally included in restaurant bills, but you should check (you are welcome to tip more). Hotels often add both a service charge and 12% VAT to restaurant bills.

Voltage standard throughout the island is 110 volts (rather than 220).

Currency is the East Caribbean (EC) dollar, which can be obtained at any bank. As of November 2017, the exchange rate was US\$1.00 = EC\$2.70. Most stores and businesses accept US dollars or travellers' cheques, but change will be given in EC. Banks and stores accept US paper bills, but will not accept US coins.

Drinking Water is pure and safe to drink, but if you are sensitive to food and water changes, you may prefer commercially bottled water.

Car Rentals can be arranged through the Four Seasons concierge desk, and require purchase of a \$25 temporary Visitor's Driver's License. Cars drive on the left lane.
