Imaging Warm Up in the Caribbean – Puerto Rico

MONDAY – FRIDAY

December 8-12, 2025

Fairmont El San Juan
San Juan Puerto Rico

2025

OVERVIEW

The Department of Radiology at the University of California, San Francisco invites you to attend its Imaging Warm Up in the Caribbean course on December 8- 12, 2025. The course will present a comprehensive review of clinically relevant topics in breast, head and neck, brain, chest, and kidney with special attention to imaging findings, reporting and management guidelines, and multimodality evaluation.

Presentations will review indications that are commonly seen in general practice and will highlight state-of-the-art imaging approaches. Additional special sessions will be interactive, with real-time review of unknown cases by faculty and attendees.

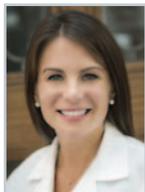

COURSE OBJECTIVES

The purpose of this course is to increase competence and improve clinician practice in radiology. We specifically anticipate improvements in skills and strategies to:

- Apply strategic approaches for avoiding common misdiagnoses of focal musculoskeletal lesions and injuries.
- Review an optimized list of findings for identifying or excluding the most common causes of impingement involving the hips and pelvis.
- Develop a BI-RADS based approach to determine an appropriate management and recommendation for breast calcifications
- Identify indications for breast MRI, and identify key pre-surgical findings in the patient with newly diagnosed breast cancer
- Identify do not miss emergent head and neck findings
- Apply a strategic approach to interpreting the source of intracranial hemorrhage
- Recognize patterns of pulmonary infection in immunocompromised patients
- Identify and appropriately stage pancreatic adenocarcinoma
- Identify do not miss vascular lesions in the emergency department

CONFERENCE LOCATION

Discover the treasures of the heart and soul of the Caribbean. Rich history and culture, exceptional food and cocktails, pristine beaches, majestic mountains and experiences that nourish body and soul — all packed into one sun-kissed Caribbean paradise. Puerto Rico is full of people who are welcoming and buena gente (which is Boricua lingo for kind and friendly). Here, you'll feel like family instead of just a visitor. Discover vibrant cultural experiences, a celebration of life, and a captivating rhythm around every corner. Puerto Rico is the smallest island of the Greater Antilles in the Caribbean with direct flights from many major US airports.

Since Puerto Rico is a territory of the United States, locals are American citizens, and American travelers can enter the Island without carrying a passport. Nor do U.S. travelers require international calling plans for their phones. The currency used in Puerto Rico is the U.S. dollar.

Escape to a tropical oasis of unparalleled tranquility at the award-winning **Fairmont El San Juan Hotel**, perfectly positioned on the idyllic Isla Verde Beach, minutes from Old San Juan. Beautifully restored, the 1958 luxury hotel features the finest of modern amenities, from four spectacular pools with private cabanas, to world-class health and spa facilities. One of the best luxury hotels in Puerto Rico, Fairmont El San Juan Hotel offers legendary rooms and luxurious villas, paired with unrivaled levels of Fairmont service to ensure a truly unforgettable stay.

A block of guestrooms has been reserved at the following special UCSF conference rates:
\$349 Single/Double Occupancy per night with the nightly resort fee WAIVED +\$1.12 nightly per person Housekeeping Charge +One-Time Bellman Charge @ \$7.81 per person

You are urged to make your reservations early. The cut off date is November 7, 2025, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only.

You may make hotel reservations on-line at <https://book.passkey.com/e/50865684> or by visiting the course webpage at <https://radiology.ucsf.edu/cme/ucsf-imaging-puertorico-2025>
