Thoracic Imaging
January 29-31, 2017
CME Credits: 12
Self-Assessment Credits: 11

Abdominal and Pelvic Imaging
February 1-3, 2017
CME Credits: 12.75
Self-Assessment Credits: 12

Omni Rancho las Palmas Resort & Spa
Palm Springs, California

https://radiology.ucsf.edu/cme
Course Outline
This course is a broad and diverse review of cross-sectional imaging of the chest, covering the pulmonary, vascular and cardiac systems. The comprehensive content will be useful as a review of thoracic imaging, as well as a guide for radiologists hoping to expand their practice into new areas.

The course will feature a majority of focused, shorter lectures to allow for a greater cross-section of thoracic topics and relevant information. Updates of established clinical applications will be reviewed, as well as newer, cutting-edge technologies such as cardiac CT. A practical approach to these emerging technologies will be stressed, so as to be useful to radiologists from all types of clinical practice.

Self-Assessment
This course will offer 11 Self-Assessment credits.
As of January 1, 2013, updated MOC Part 2 requirements: 75 CME credits every three years, at least 25 of which must be self-assessment activities (SA-CME, which includes SAMs). For more information: www.theabr.org/moc-dr-comp2

Course Objectives
At the completion of this course, the attendee should be able to:
1. Confidently interpret high-resolution CT scans of the lungs and provide focused differential diagnoses;
2. Describe a practical approach to the imaging of lung infections
3. Understand typical manifestations of acute and chronic aortic diseases;
4. Describe the role of cross-sectional imaging in the evaluation of pulmonary embolism
5. Discriminate benign vs. malignant lung nodules/masses on CT and PET;
6. Understand the role of CT and PET in the evaluation and staging of lung cancer.

Accreditation
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

UCSF designates this live activity for a maximum of 12.0 AMA PRA Category 1 Credits.™
The total credits are inclusive of 9.25 in CT, 0.5 in MR, and 1.75 in PET.

Physicians should claim only the credit commensurate with the extent of their participation in each activity.

This educational activity meets the requirement under California State Assembly Bill 1195, continuing education and cultural and linguistic competency.
Course Program

Sunday, January 29, 2017  Cardiovascular Imaging

7:15 am  Registration and Continental Breakfast
7:40  Imaging of Pulmonary Embolism  
8:20  Acute Aortic Syndromes  
9:10  Cardiac Findings on Routine Chest CT  
9:30  Recess
9:50  Introduction to Coronary CTA  
10:30  Perioperative Aorta: What the Surgeon Wants to Know  
11:00  Imaging of Pulmonary Hypertension  
11:30  Chest X-ray Review  
12:00 pm  Adjourn

Monday January 30, 2017  Lung Cancer and Other Tumors

7:15 am  Continental Breakfast
7:40  Lung Cancer Screening  
8:00  Insights into the Imaging of the Pulmonary Nodule  
8:20  Typical and Atypical Appearances of Lung Cancer  
8:40  Incidentals and Artifacts on PET  
9:25  Recess
9:45  Practical Applications of Lung Cancer Staging  
10:30  When PET Has Low Sensitivity  
11:10  Mediastinal Masses: Is This Thing Benign or Not?  
11:30  PET/CT of Other Thoracic Tumors  
12:00 pm  Adjourn

Tuesday January 31, 2017  Pulmonary Imaging

7:15 am  Continental Breakfast
7:40  Multi-Disciplinary Approach to Diffuse Lung Disease  
8:10  HRCT Findings: Reticular Patterns and Approach to Fibrosis  
8:40  Update on Idiopathic Pulmonary Fibrosis  
9:10  HRCT Findings: Ground glass opacity and Consolidation  
9:40  Recess
10:00  Pulmonary Infections: The Key Patterns  
10:30  HRCT Findings: Patterns of Nodular Disease  
11:00  Multi-disciplinary Approach to Hypersensitivity Pneumonitis  
11:30  HRCT Findings: Mosaic Perfusion, Cysts and Emphysema  
12:00 pm  Adjourn

These lectures will include Self-Assessment Credit (SA-CME).
Course Outline
The goal of this course is to enhance the interpretation of body imaging studies and to improve clinical practice. This will be achieved by providing an updated review of state-of-the-art imaging methods and evidence-based practice in CT, MRI and Ultrasound as they pertain to the gastrointestinal and genitourinary systems. The ACR guidelines on managing incidental findings in the kidney, adrenal, liver, and pancreas on CT scans will be discussed (as appropriate).

Self-Assessment
This course will offer 12 Self-Assessment credits.
As of January 1, 2013, updated MOC Part 2 requirements: 75 CME credits every three years, at least 25 of which must be self-assessment activities (SA-CME, which includes SAMs). For more information: www.theabr.org/moc-dr-comp2

Course Objectives
Upon completion of this course, the attendee should be able to:
1. Apply the ACR recommendations for managing incidental findings in the kidney, liver, adrenal gland, and pancreas on CT scans;
2. Identify indications for the use of different imaging modalities (CT/MRI/US) for various abdomino-pelvic organs and conditions;
3. Apply practical approaches to diagnosing both benign and malignant diseases of the abdomen and pelvis;
4. Anticipate potential pitfalls in abdomino-pelvic imaging and interpretation;
5. Participants of the workshop are expected to learn a) the basic requirements for adequate prostate MR imaging acquisition and b) the use of PIRADS for imaging interpretation.

Accreditation
The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

UCSF designates this live activity for a maximum of 12.75 AMA PRA Category 1 Credits.™
The total credits are inclusive of 5.0 in CT, 3.25 in MR, 1.75 in Ultrasound, and 0.75 in PET.

Physicians should claim only the credit commensurate with the extent of their participation in each activity.

This educational activity meets the requirement under California State Assembly Bill 1195, continuing education and cultural and linguistic competency.

Spencer C. Behr, MD
11:45  Questions and Discussion
12:00 pm  Adjourn

SA These lectures will include Self-Assessment Credit (SA-CME).
Hotel Reservations

tel: 866–423–1195 / 760–568–2727

The daily resort fee has been reduced to $10 per day (regularly $32) for UCSF attendees who book directly with the hotel via phone or reservation weblink only.

When making your accommodation decisions, please take into consideration that staying at the host hotel helps UCSF meet its contractual obligations and keeps registration fees reasonable.

The Omni RLP has reserved a limited block of rooms at special room rates for this conference. Book online using the weblink above, or call the Reservations Department directly at the number above and mention that you are attending the UCSF Radiology course to receive the discounted rates.

Conference rates for reservation requests made after the deadline cannot be guaranteed and will be extended on a space-available basis only. A credit card number is required to guarantee your reservation. The room rate includes in-room high-speed internet access, fitness center access, local and toll-free calls, and in-room coffee.

A third adult per room is $15 per night, fourth adult $25; no additional charge for children under 18. Check-in is 4:00 pm, check-out is 11:00 am. Rates exclude 13.45% state & local taxes, 2% business development fee, 0.45% state tourism fee (subject to change). No-shows and cancellations made less than 7 days from scheduled arrival will be charged a one night’s stay. Early departure fee is $75. Valet and self-parking are both complimentary.

Omni Rancho las Palmas Resort & Spa
41-000 Bob Hope Drive – Rancho Mirage, CA 92270

The Omni Rancho Las Palmas is the embodiment of new desert cool. Guests will enjoy new experiences such as Splashtopia, a family-fun pool and water playground; and bluEmber, the signature restaurant in the heart of the plaza, which exudes the sun-drenched charm and relaxed elegance of the Southern California desert.

Adjacent to the Resort is a 27-hole Ted Robinson-designed golf course, with three distinct 9-hole layouts. Rounding out the dramatic changes are a new lobby, enhanced guest rooms, the refurbished 20,000-square-foot European-style Spa Las Palmas, an Internet marketplace, and the sporty R Bar & Lounge.

Within walking distance of the Resort is The River, a family-friendly shopping, restaurant and theater complex. El Paseo Drive and the Westfield Shopping Center are only two miles away.
The Greater Palm Springs Area

Palm Springs is located about 130 miles or a two-hour drive east of Los Angeles. The area includes the neighboring towns of Cathedral City, Rancho Mirage, Palm Desert and Indian Wells, as you travel southeast along Route 10 or Highway 111. The area has an average 350 days of sunshine a year, and winter temperatures are usually in the 70's. The mix of southwestern culture and California history combine to make the Palm Springs area an eclectic mix of food, culture, outdoor activities, and an ideal opportunity for the art aficionado or furniture collector to enjoy the search for that unique find.

Palm Springs Highlights

www.visitorgreaterpalmsprings.com

Villagefest – on Thursday evenings in downtown Palm Springs: enjoy an array of artists, artisans, entertainers, snacks and a farmers market.

The Gardens on El Paseo – stroll and shop on one of the most bountiful upscale shopping venues.

Living Desert Zoo & Botanical Garden – 1,200 acres of scenic trails and exhibits including gardens, live animal shows, a play park, a model train exhibit and tram rides.

Children's Discovery Museum – with over fifty hands-on exhibits for kids of all ages.

Moorten Botanical Gardens – examine over 3,000 examples of southwestern cacti and plants.

Air Museum – experience one of the world’s largest collections of WW2 fighter planes.

Aerial Tramway – ascend 8,000 feet in the world’s largest rotating trams, with a spectacular, never-ending panoramic view of Palm Springs below.

Joshua Tree National Park – located on the northeast edge of the Palm Springs area, the nearly 800,000 acre park encompasses the most interesting geologic displays found in California’s deserts.

Air Travel

UCSF Radiology has negotiated fare discounts of up to 5% off coach fares and up to 10% off first class fares with Delta and United Airlines for course attendees. To ensure the lowest fares, please book with the airline directly using the codes below:
