

# UCSF SONOGRAPHY FOR SONOGRAPHERS

Saturday, May 5, 2018 / 7:15 am - 5:15 pm

UCSF Parnassus Campus / Nursing Building, Room N-225  
513 Parnassus Avenue, San Francisco, CA 94122

## UCSF FACULTY

**Ruth Goldstein, MD**  
*Course Co-Chair*  
Professor of Radiology  
Chief, Ultrasound

**Anne Duffy, RDMS, RVT**  
*Course Co-Chair*  
Supervisor, Chief Sonographer

**George Glover, RDMS**  
Principal Sonographer

**Priyanka Jha, MBBS**  
Assistant Professor of Radiology

**Lisa Liu, RDMS**  
Principal Sonographer

**John MacKenzie, MD**  
Professor of Radiology  
Chief, Pediatric Imaging

**Tara Morgan, MD**  
Assistant Professor of Radiology

**Andrew Phelps, MD**  
Assistant Professor of Radiology

**Liina Poder, MD**  
Professor of Radiology

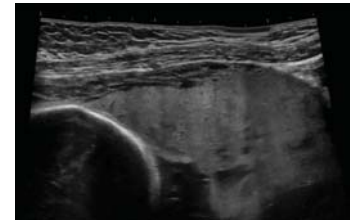

**Jody Steinauer, MD**  
Professor of Obstetrics &  
Gynecology

## COURSE OUTLINE & CREDITS

**This one-day course is geared toward sonographers**, and also welcomes other medical providers whose practices include clinical applications of ultrasound. Emphasis will be placed on practical, clinically relevant information that is useful in the day-to-day performance of a variety of sonographic examinations.

**Accreditation** This educational activity is approved for **9.25** CME credits by the Society of Diagnostic Medical Sonography (SDMS), tracked by *SDMS CME Tracker* (#36705).

*This educational activity does not provide AMA PRA Category 1 Credits™.*

|          |   |                                |
|----------|---|--------------------------------|
| 7:15 am  | Registration and Continental Breakfast                                |                                |
| 7:40     | Welcome and Announcements .....                                       | Anne Duffy, RDMS               |
| 7:50     | Pediatric Spine & Hip: What You Need to Know .....                    | John MacKenzie, MD             |
| 8:40     | Pediatric Scrotum.....  | Andrew Phelps, MD              |
| 9:30     | Shifting the Perspective: Difficult Patient to Valuable Teacher ..... | Jody Steinauer, MD             |
| 10:20    | Recess  |                                |
| 11:00    | MSK Ultrasound of the Shoulder (with Live Demo).....                  | L. Liu, RDMS / G. Glover, RDMS |
| 11:45    | Ultrasound Imaging of Muscle Abnormalities .....                      | Tara Morgan, MD                |
| 12:30 pm | Lunch (provided), Viewing of Unknown US Cases                         |                                |
| 1:15     | Contrast Imaging in Ultrasound.....                                   | Tara Morgan, MD                |
| 2:05     | Fetal Face & Neck.....  | Ruth Goldstein, MD             |
| 2:50     | Recess  |                                |
| 3:10     | Placenta Accreta .....  | Liina Poder, MD                |
| 3:55     | Understanding Relevant CT/MRI Images .....                            | Priyanka Jha, MBBS             |
| 4:45     | Review of Unknown US Cases, Q & A.....                                | P. Jha, MBBS / A. Duffy, RDMS  |
| 5:15     | Adjourn   |                                |
