

Mentoring Agreement

We have agreed to work together as part of the Radiology Department Faculty Mentoring Program.

Our goals and objectives as the focus of this mentoring relationship:

- Develop a trusted relationship fostering professional growth
- Provide a resource for honest feedback and for career and life advice

We have discussed the process by which we will work together, and, in the spirit of partnership, guide and develop the career of the mentee. To ensure that our relationship is mutually rewarding and satisfying for both of us, we agree:

- 1. We will make the time to meet in person at least 3 times a year, with meetings initiated by the mentee.**
- 2. We will regard these meetings as confidential places to discuss concerns and problems and to lend guidance and advice.**
- 3. We will provide regular feedback to each other and evaluate progress.**
