

# Participate in the UCSF “Shape Up! Kids” Study to measure your body fat, muscle, and bone status?

- This study includes the performance of several body composition measurements including: medical (X-ray, MRI) and camera pictures and Blood Draw, during one or may be two (2-3 hours) study visits.
- You may qualify if you are:
  - 1- **5-18 years old**
  - 2- **Able to lying flat on your back for up to 10 minutes and stand without aid for 2 minutes**
- Upon completion of the study visit, you will receive a \$50 Gift Card and a copy of your body composition report.
- To participate or learn more about this study, please contact the study coordinator at (415)741-3454 or [bodycompstudies@ucsf.edu](mailto:bodycompstudies@ucsf.edu) and reference the “Shape Up Study.”
